VICTORIAN NIGHTS

"Some men see things as they are and ask why. Others dream things that never were and ask why not." -George Bernard Shaw

So I say "why not" accompany us on a Victorian journey of the senses and treat yourself with our twilight package!

Begin your evening wandering through the Victorian tiled arches of our relaxation pool while relaxing in the spa facilities, your therapist will then carefully select one of our Apothecary Oils to use during your back, neck and shoulder massage giving you a truly Victorian experience. The Victorians were champions of homemade potions using broadly available natural ingredients; this crafting skill turns herbal ingredients into medicinal potions and recipes.

To finish your evening enjoy one of our Booking Office Bar's Victorian Cocktails, from the Billy Dawson to the Charles Dickens Memorial, in the tranquil surroundings of the relaxation lounge.
